RAN-RM Level I Energy Audit Information Series

March 4: Improving Building Performance, Comfort, and Operation with PassiveLogic

Presenter: John Easterling, Director of Verification & Validation
Registration: Eventbrite Link

PassiveLogic

1. Overview of PassiveLogic products and systems and their potential performance
2. Process to specify PassiveLogic products and demonstration of the specification tool
3. Potential retrofit applications for small to medium buildings, including how to estimate annual energy use and cost reduction

Location: University of Colorado Boulder, Engineering Center
1111 Engineering Drive, Boulder, CO 80309
Room: ECCR 105
Remote Attendance: Register via Eventbrite to receive a Zoom invite
Time: 3:30 – 4:45 PM MT
